Greetings, First Class Club,

Spring is officially here! It may not be wise to pack away all your cold-weather gear, but soon enough the grass will be green, flowers will be blooming, and birds will be chirping. Farmers markets will be popping up in your local communities, and grilling season will be in full swing—all things I look forward to as the snow begins to melt away!

We hope you looked at the events and if you were interested in a ticket, locked in a spot for the Minnesota Twins game, organized by Becky in Brookings. If not, please reach out to her before May 16 to find out if she has any remaining tickets for the game on July 10.

Don't forget to mark your calendars for the next First Class Club Day on Wednesday, May 14. We truly enjoy seeing our club members stop by!

## HOW TO MAKE A MAY DAY BASKET

There's no rule that says May Day baskets have to be woven baskets. Keep it simple and sweet by wrapping paper into a cone, trimming the excess if desired, and securing it with tape. Add a ribbon handle to the top for hanging. Decorate with craft scraps. Or use pre-made paper snow cone cups, paper cups, or any basket or vessel you have around. Add twine, ribbon, or string for hanging if you wish.

Recipients will be moved by the thought put into making their gift. If you're inspired to make your own this year, you can keep it simple while still sending a clear message.

Wrap a small bouquet from your garden. And you don't have to limit your basket to flowers. Add a picture, note, candy, or small trinkets your recipient would enjoy, like seeds for a gardener, herbs for a cook, or small tools for an artist. Tuck in some homemade treats the recipient is sure to enjoy. Make a batch of snack mix, and package it in waffle cones wrapped in paper.
